## PARTS CATALOG - CATALOGO PARTI DI RICAMBIO - CATALOGUE DES PIECES DETACHEES ERSATZTEILKATALOG - CATÁLOGO DE PIEZAS DE REPUESTO

**WARNING**

- study the operation and maintenance instruction manual through before starting, operating, maintaining, fueling or servicing this machine

**ATTENZIONE**

- leggere attentamente il manuale delle istruzioni per l'Uso e la Manutenzione prima di procedere alle operazioni di avviamento, impiego, manutenzione, rifornimento combustibile od altri interventi sulla macchina

**ATTENTION**

- lisez attentivement le manuel d'instruction pour la conduite et l'entretien avant d'effectuer les opérations de mise en marche, utilisation, entretien, ravitaillement en combustible ou d'autres opérations sur l'engin

**ACHTUNG**

- Betriebs- und Wartungsanleitung aufmerksam durchlesen, bevor das Gerät angelassen, gefahren, gewartet, betankt oder eingestellt wird

**ATENCIÓN**

- leer atentamente el manual de empleo y cuidado antes de poner manos a las operaciones de puesta en marcha, manejo, mantenimiento, repostado de combustible, y otras que fuere

A RING BINDER P/N 604.07.027 SUITABLE FOR THIS TYPE OF CATALOGUE CAN BE ORDERED FROM YOUR LOCAL DEALER

UN RACCOGLITORE AD ANELLI PER QUESTO TIPO DI CATALOGHI PUÒ ESSERE ORDINATO PRESSO IL VS CONCESSIONARIO  
DI ZONA CON IL N. DI ORDINAZIONE 604.07.027

UNE COMMANDE PEUT ÊTRE PASSÉE AU CONCESSIONNAIRE DE VOTRE ZONE D'UN CLASSEUR À ANNEAUX POUR CE TYPE  
DE CATALOGUES, SOUS LA RÉFÉRENCE N. 604.07.027

EIN ORDNER MIT HAFTRINGEN FÜR DIESE KATALOGE KANN VON IHREM WERKSHÄNDLER UNTER DER BESTELL NR.  
604.07.027 BEZOGEN WERDEN.

UNA CARPETA DE ANILLOS PARA ESTE TIPO DE CATÁLOGOS PUEDE ENCARGARLO A SU CONCESIONARIO DE ZONA CON EL  
NUMERO DE CATÁLOGO 604.07.027

List of new parts added in this updating .....	37
Additional descriptions translated from English or Italian into French, German, Spanish .....	38
Glossary .....	39

## USE OF THE CATALOG

To locate the parts correctly, proceed as follows:

- a) Consult the version list on page 30 to find the code number of the version required; see following para 1 ⑥.
- b) Consult the illustrations, the associated spare parts lists as directed below in 1 and 2.
- c) To identify the component of the possible special equipment of the machine, consult the optional equipment list on page 21 to find the code number and subgroup.

### 1. Illustrations (see example on page 7)

Illustrations show the parts of each subgroup. The parts illustrated are identified by a reference number (ITEM). This number may be replaced by other indications, for example:

3.4350 Part shown only in subgroup 3.4350

Moreover, each illustration shows:

— Subgroup number or optional equipment number ① — illustration number, page number ② — Updating indication ③, for example: Suffix 05, to print no. 604.01.046, indicates that subgroup modification is shown in 6th updating of the catalog dated 23-2-81. When code ③, is missing, no changes were introduced. Number of the Parts Technical Notice (N.T.R.) reporting the 6th updating ④; subgroup title ⑤ — version code ⑥ with reference to previous point (a).

In lack of said codes, the illustration applies to all model versions covered by the catalog.

— Indication of part kit ⑦, with associated part numbers and part kit symbol. (See page 11 for kit composition) — number of assembly ⑧.

### 2. Spare parts lists (see example on page 7)

They list the spare parts of each subgroup contained in the corresponding illustrations. The following is shown for each part:

⑨ ITEM: number associating the part shown with the respective "part number".

⑩ PART NUMBER: spare part order number

⑪ Q.TY: total quantity of the part. The quantity may be replaced by the following indications:

L = supplied by length, K = kit to be ordered in the desired quantity.

⑫ TRANS. CODE: for retrieval of the French, German, Spanish translations of the part names (consult the glossary in last section of Catalog, page 39).

⑬ DESCRIPTION/DENOMINAZIONE: Description of the part in English and Italian.

In case of modification, the description is completed with the following kinds of indication and directions for replacement if any.

⑭ 4606783

C 951 means that the part is valid up to modification 951.

⑮ 79021573

D 951 means that the part is valid after modification 951.

Effectiveness example:

Up to S/N 004652 ⑯: installed on machines with serial nos. up to 004652.

S/N 004653 and up ⑰: installed on machines with serial nos. from 004653.

Examples of direction for replacement:

4606783 = 79021573: ⑱ on exhaustion of stocks of part 4606783 fit part 79021573.

4606787 = 79021574 + 79021576 ⑲: on exhaustion of stocks of part 4606787 fit part 79021574 plus 79021576.

4606792 = 79021576 - 4606794 ⑳: on exhaustion of stocks of part 4606792 fit 79021576 and discard 4606794.

If no directions for replacement are given under effectiveness indication, this means that the old and new parts are not interchangeable and, hence, the former must be supplied as spare.

Other useful indications may be provided ㉑ under DESCRIPTION/DENOMINAZIONE after the sign — (for French, German, Spanish equivalents, see additional list heading the glossary, page 38). Terms RIGHT/DESTRO and LEFT/SINISTRO refer to the direction of machine forward travel.

Should the word WRONG appear next to a part name without the corresponding CORRECT on the line immediately below it means that the associated part was erroneously included at an earlier stage.

㉒ Standard part dimensional data.

㉓ File: bill of material reference code (for Fiatallis use only).

### 3. MODIFICATIONS SUMMARY (page 34)

This summary shows the modifications, the versions involved, the effective points, the subgroups affected and special directions for replacement as required.

## NOTICE

The right is reserved to change the construction or material of any parts where it seems desirable to do so without incurring the obligation of installing such changes on units already delivered.

Additional publications pertaining to this model and to all other products are available through the dealers. Publications are generally available in several languages.

Refer to Service Publications Index for all such publications; the index is available from the dealers.

## INSTRUCTIONS FOR ORDERING PARTS

At the time this parts catalog was published the listed part numbers were current. It is our policy to constantly improve our machines and therefore, part numbers and design may change.

When ordering parts, verify part numbers through your dealer's microfiche and master numerical index which are up to date with all the latest part numbers.

### ORDER PARTS FROM THE DEALER COVERING THE LOCAL TERRITORY

Orders for spare parts must include the following data (see page 30):

- Model, Serial Number, Engine model, Engine serial number, marked on engine block.
- Specify the part number (shown on Spare Parts Catalog list), possibly completed by its description. If parts refer to an assembly which has a model or serial number, also include this information.
- Give post office address, town, county and state where parts are to be shipped.
- Also specify whether material is to be shipped by freight, express or parcel post.
- Confirm all telephone or telegraph orders in writing.

Parts can only be returned to/through the dealer from whom the parts were purchased and **must have prior written authorisation**. Each return will be treated individually.

Unless claims for shortages or errors are made immediately upon receipt of goods, they will not be considered.

When broken goods are received, a full description of the damage should be made by the carrier agent on the freight bill.

Manufacturer's responsibility is limited, and ceases upon completion of sale conditions provided for each delivery.

## AVVERTENZE PER LA CONSULTAZIONE DEL CATALOGO

Per una corretta ricerca delle parti di ricambio, è necessario:

- a) Consultare l'elenco delle versioni a pag. 30, per individuare l'eventuale codice numerico della versione che interessa; vedere seguente paragrafo 1, punto (6).
- b) Consultare le illustrazioni ed i relativi elenchi delle parti o ricambio come indicato ai paragrafi 1 e 2.
- c) Per i modelli comprendenti varianti, consultare l'elenco varianti a pag. 31, dove viene riportato per ordine progressivo il sottogruppo e il corrispondente n. di codice.

### 1. Illustrazioni (vedere esempio a pag. 12)

Illustrano le parti di ricambio di ciascun sottogruppo in cui è divisa la macchina.

Le parti di ricambio illustrate sono contraddistinte dal numero di riferimento (ITEM). Il numero di riferimento può essere sostituito da altre indicazioni; ad esempio:

3.4350 parte illustrata unicamente nel Sgr. 3.4350

Ogni illustrazione riporta inoltre:

**Codice del sottogruppo o codice variante** : — numero di tavola, numero di pagina (2) — indicazione di aggiornamento (3), esempio: Il suffisso 06, aggiunto al numero di stampa 604.01.046, indica che il sottogruppo è stato modificato con il 6° aggiornamento del catalogo, datato in data 23 febbraio 1981. La mancanza dell'indicazione (3), significa che non vi sono state modifiche. **Numero del Notiziario Tecnico Ricambi (N.T.R.)** in cui è stato fatto il 6° aggiornamento (4) — **denominazione del sottogruppo** (5) — **codice della versione** (6), con riferimento al precedente punto (a). In mancanza di codici, si intende che la tavola è valida per tutte le versioni del modello cui si riferisce il catalogo — **Indicazione dell'esistenza di corredi di ricambio** (7), con relativi numeri di riferimento (per la composizione dei corredi, vedere pag. 32) — **numero di complessivo** (8).

### 2. Elenchi delle parti di ricambio (vedere esempio a pag. 12)

Elencano le parti di ricambio di ciascun sottogruppo, contenute nelle illustrazioni corrispondenti, e riportano per ogni parte:

(9) **ITEM**: numero di abbinamento del particolare illustrato col relativo "part number".

(10) **PART NUMBER**: numero di ordinazione del particolare di ricambio.

(11) **Q.TY**: quantità complessiva del particolare, riferita alla tavola. La quantità può essere sostituita dalle seguenti indicazioni:

L: fornito a lunghezza, K: corredo (Kit) da ordinarsi nei quantitativi desiderati.

(12) **TRANS. CODE**: codice per la ricerca della traduzione in francese, tedesco, spagnolo della descrizione (consultare il glossario in fondo al catalogo, pag. 39).

(13) **DESCRIPTION/DENOMINAZIONE**: descrizione del particolare in inglese e italiano.

In caso di modifica, la denominazione è completata dei seguenti tipi di indicazione ed eventuali norme di ricambio:

(14) 4606783

C 951 = parte valida fino alla modifica 951

(15) 79021573

D 951 = parte valida dalla modifica 951.

Esempio di indicazione di attuazione di modifica:

fino al telaio n° 004652 (16): montato sulle macchine con numero di telaio fino al 004652;

dal telaio n° 004653 (17) montato sulle macchine con numero di telaio dal 004653.

Esempio di norme di ricambio:

4606783 = 79021573 (18): ad esaurimento scorte del particolare 4606783, montare il 79021573.

4606787 = 79021574 + 79021576 (19): ad esaurimento scorte del particolare 4606787 montare il 79021574 più il 79021576;

4606792 = 79021576 - 4606794 (20): ad esaurimento scorte del particolare 4606792, montare il 79021576 eliminando il 4606794.

Se, sotto l'indicazione di attuazione, non vengono riportate norme di ricambio, ciò significa che il particolare premodifica deve sempre venire fornito di ricambio, non essendo intercambiabile con quello post modifica. Altre indicazioni utili (21) possono venire inserite nella colonna DESCRIPTION/DENOMINAZIONE, dopo il segno — (per la traduzione dall'inglese o italiano, in Francese, Tedesco e Spagnolo di queste voci, vedere l'elenco delle denominazioni aggiuntive all'inizio del glossario, pag. 38). I termini RIGHT/DESTRO e LEFT/SINISTRO sono riferiti alla direzione di marcia avanti della macchina.

Se di fianco ad una denominazione compare il termine ERRATA senza il corrispondente CORRIGE sulla riga successiva, ciò significa che il particolare era stato inserito erroneamente.

(22) **Dimensioni dei particolari in mm.**

(23) **Matricola**: codice di riferimento documentazione progettuale (per uso interno FiatAllis).

### 3. RIASSUNTO MODIFICHE Riportate sui fogli pag. 34)

Questo riassunto ha lo scopo di sintetizzare le modifiche, le eventuali versioni, le relative attuazioni, i sottogruppi interessati e le norme di ricambio.

## AVVERTENZA

La Fabbrica si riserva di modificare la costruzione o il materiale di qualsiasi parte, qualora ciò risulti desiderabile, senza obbligo di apportare tali modifiche sulle unità già consegnate.

Altre pubblicazioni relative a questo modello e a tutti gli altri modelli sono disponibili presso i Concessionari. Le pubblicazioni sono generalmente disponibili in diverse lingue.

Per individuare queste pubblicazioni, fare riferimento all'indice delle pubblicazioni tecniche 604.07.040. Copie dell'indice sono disponibili presso i Concessionari.

## ISTRUZIONI PER ORDINARE I RICAMBI

I numeri di ordinazione riportati su questo catalogo sono aggiornati alla data di uscita della pubblicazione. È nostra politica migliorare costantemente le macchine e quindi i numeri di ordinazione e le illustrazioni possono non essere più attuali.

Al momento di ordinare i ricambi, verificare i numeri di ordinazione presso il Vostro Concessionario, che dispone delle microfiches e dell'elenco generale dei ricambi aggiornati.

## ORDINARE I RICAMBI PRESSO IL CONCESSIONARIO DELLA VOSTRA ZONA

Le ordinazioni di parti di ricambio devono essere corredate delle seguenti indicazioni (vedere pag. 4):

- Modello della macchina, Numero del telaio, Tipo del motore, Numero del motore, stampigliato sul basamento del motore.
- Indicare il numero di ordinazione della parte che si richiede (riportato sugli elenchi del catalogo), possibilmente completato dalla relativa denominazione. Se i ricambi si riferiscono a un complessivo che ha un proprio numero di modello o di serie, precisare anche questi dati.
- Precisare nell'indirizzo l'ufficio postale, la città, la regione e lo stato dove i ricambi devono essere spediti.
- Precisare inoltre le modalità di spedizione del materiale (via mare, via terra, espresso o pacco postale).
- Confermare per iscritto tutti gli ordini anticipati per telefono o telegrafo.

Eventuali restituzioni di parti potranno essere effettuate solamente a/o tramite il Concessionario dal quale le parti furono acquistate e dovranno venire autorizzate in precedenza per iscritto. Ogni restituzione verrà presa in considerazione singolarmente.

I reclami per mancanze e difetti, se non effettuati immediatamente al ricevimento della merce, non verranno presi in considerazione.

In caso di ricevimento di merce danneggiata, una completa descrizione del danno dovrà venire effettuata dall'agente del Corriere trasportatore sul documento di spedizione.

La responsabilità della Fabbrica è limitata e cessa al compimento delle condizioni di vendita previste per ogni singola fornitura

## HINWEISE ZUM GEBRAUCH DES KATALOGS

Beim Aufsuchen der benötigten Ersatzteile ist wie folgt zu verfahren:  
a) In der Liste der Ausführungen, Seite 30, nachschlagen, um die evtl. Kodenummer der betreffenden Ausführung zu finden; s. Abschnitt 1, Punkt (6).

b) In den Bildtafeln, und zugehörigen Ersatzteillisten nachschlagen, wie im Abschnitt 1 und 2 angegeben.

c) Bei Typen mit Varianten, in der Liste der Varianten, Seite 31, nachschlagen, wo befinden sich fortlaufende Untergruppe und die entsprechende Kodenummer.

### 1. Bildtafeln (s. Beispiel auf Seite 22)

Darin sind die für jede Untergruppe der Maschine vorgesehenen Ersatzteile abgebildet.

Jedes Ersatzteil ist mit einer Bezugsnummer (ITEM) gekennzeichnet, evtl. mit zusätzlichen Angaben. An Stelle der Bezugsnummer kann eine andere Angabe vorhanden sein, z.B.:

3.4350 das Teil ist nur in Utgr. 3.4350 abgebildet.

In jeder Bildtafel ist ausserdem folgendes angegeben:

Kode der Untergruppe oder Kode der Variante ① — Bildtafelnr., Seitenr ② — Änderungsindex ③, z.B.: Der der Druckschrift-Nr.

604.01.046, angehängte Index 06, bedeutet dass die Untergruppe mit dem 6. Nachtrag zum Katalog vom 23. Februar 1981 geändert wurde. Ist kein Index ③ vorhanden, bedeutet dies, dass keine Änderung eingeführt wurde.

Nummer der Ersatzteile «Service Bulletin» (N.T.R.) mit der 6. Änderung ④. — Bezeichnung der Untergruppe ⑤ — Ausführungskode ⑥ entsprechend obigem Punkt (a).

Ist kein Unterscheidungskode angeführt, dann gilt die jeweilige Bildtafel für alle Ausführungen des Typs, auf den sich der Katalog bezieht — Hinweis auf die Verfügbarkeit von Ersatzteilsätzen ⑦, mit zugehörigen Bezugsnummern (Zusammensetzung dieser Sätze s. Seite 32) — Gruppennummer ⑧.

### 2. Ersatzteillisten (s. Beispiel auf Seite 22)

Sie umfassen die in den betreffenden Bildtafeln abgebildeten Ersatzteile einer jeden Untergruppe; für jedes Teil ist folgendes angegeben:

⑨ ITEM: Bild-Nr., auf die sich die jeweilige «part number» bezieht.

⑩ PART NUMBER: Bestellnummer des Ersatzteils.

⑪ QTY: Gesamtstückzahl mit Bezug auf die Bildtafel. An Stelle der Stückzahl kann eine folgender Angaben vorhanden sein:

L: nach Länge geliefert, K: Satz, in der jeweils gewünschten Menge zu bestellen.

⑫ TRANS. CODE: Kode der Übersetzung der Teilebezeichnung in französische, deutsche, spanische Sprache (vgl. Lexikon am Ende des Katalogs, Seite 39).

⑬ DESCRIPTION/DENOMINAZIONE: Bezeichnung in englischer und italienischer Sprache. Bei Änderungen wird die Bezeichnung mit EINFÜHRUNGSANGABE und evtl. mit ERSATZANWEISUNGEN vervollständigt.

⑭ 4606783

C 951 = Teil bis Änderung Nr. 951

⑮ 79021573

D 951 = Teil nach Änderung Nr. 951.

Beispiel der Angabe einer Änderungseinführung:

bis Rahmen-Nr. 004652 ⑯: in Maschinen bis Rahmen-Nr. 004652 eingebaut;

ab Rahmen-Nr. 004653 ⑰: in Maschinen ab Rahmen-Nr. 004653 eingebaut.

Beispiel eines Ersatzanweisung:

4606783 = 79021573 ⑱: nach Aufbrauch der Lagerbestände an Teilen 4606783, Teil 79021573 einbauen.

4606787 = 79021574 + 79021576 ⑲: nach Aufbrauch der Lagerbestände des Teilen 4606787, Teil 79021574 mit Teil 79021576 einbauen:

4606792 = 79021576 - 4606794 ⑳: nach Aufbrauch der Lagerbestände des Teilen 4606792, Teil 79021576 einbauen und Teil 4606794 beseitigen.

Ist unter der Einführungsangabe keine Anweisung für den Ersatz vorhanden, bedeutet dies, dass das alte Teile weiterhin lieferbar sein muss, da es mit dem neuen Teil nicht austauschbar ist.

Weitere nützliche Angaben ㉑ können in der Spalte DESCRIPTION/DENOMINAZIONE nach dem Zeichen — eingetragen werden (Übersetzung dieser Angaben aus dem Englischen bzw. Italienischen in französische, deutsche und spanische Sprache s. Verzeichnis der zusätzlichen Angaben vor dem Lexikon auf Seite 38). Die Angaben RIGHT/RECHTS und LEFT/LINKS beziehen sich stets auf die normale Fahrtrichtung der Maschine.

Erscheint neben einer Bezeichnung das Wort WRONG/FALSCH ohne eine nachfolgende Zeile mit CORRECT/RICHTIG, bedeutet dies, dass das Teil irrtümlich erwähnt worden war.

㉒ Abmessungen in mm.

㉓ Matrikel: Kodenummer des technischen Büro (nur intern für Fiatallis).

### 3. ÄNDERUNGSÜBERSICHT (siehe Blatt 34)

In dieser Übersicht sind die Änderungen, die betreffenden Einführungen Untergruppen und Ersatzteihinweise zusammengestellt.

## ATTENTION

Le constructeur se réserve le droit de modifier la construction ou le matériau de toute pièce, si cela se révèle nécessaire, sans devoir apporter ces modifications sur les pièces déjà livrées.

D'autres publications concernant ce modèle et tous les autres modèles sont disponibles auprès des Concessionnaires. En général, ces publications sont disponibles en plusieurs langues.

Pour trouver ces publications, se référer au catalogue des publications techniques. Des exemplaires du catalogue sont disponibles auprès des Concessionnaires.

### INSTRUCTIONS POUR LA COMMANDE DES PIÈCES DE RECHANGE

Les numéros de commande indiqués sur ce catalogue sont mis à jour à la date de sortie de la publication. Nous nous efforçons constamment d'améliorer les machines et, par conséquent, les numéros de commande et les illustrations peuvent ne plus être à jour.

Au moment de passer commande des pièces de rechange, contrôler les numéros de commande au près de Votre Concessionnaire, qui dispose des microfiches et de la liste générale des pièces de rechange.

### PASSER COMMANDE DE PIÈCES DE RECHANGE CHEZ LE CONCESSIONNAIRE DE VOTRE ZONE

**Les commandes de pièces de rechange** doivent comporter les indications suivantes (voir page 30):

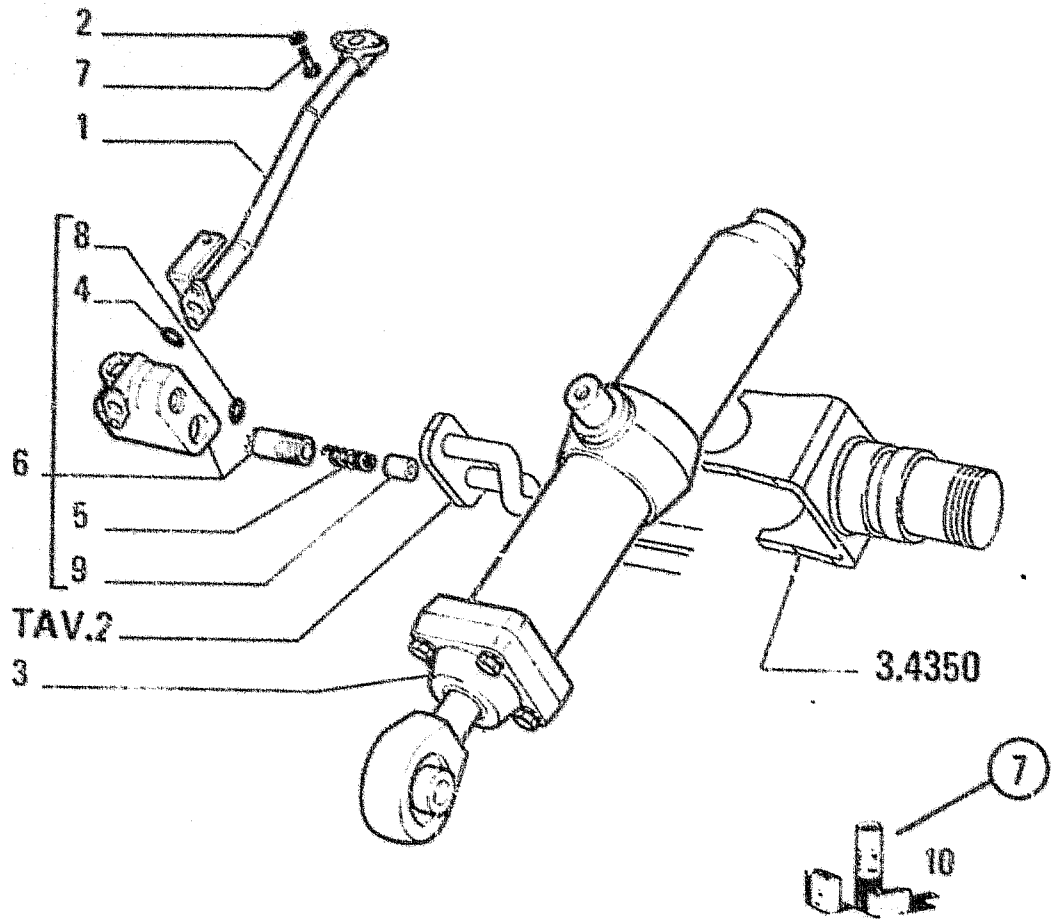

- Modèle de la machine, Numéro du châssis, Type du moteur, Numéro du moteur estampillé sur le bâti moteur.
- Indiquer le numéro de commande de la pièce désirée (indiquée sur les listes du catalogue), accompagné si possible de sa désignation. Si les pièces se rapportent à un groupe possédant son propre numéro de modèle ou de série, indiquer aussi ce dernier.
- Indiquer dans l'adresse, le bureau de poste, la ville, la région et le pays où les pièces de rechange doivent être envoyées.
- Indiquer de plus les modalités d'expédition du matériel (par mer, par terre, exprès ou colis postal).
- Confirmer par écrit toutes les commandes anticipées par téléphone ou télégraphe.

En cas de renvois de pièces, ils pourront être effectués seulement à/ou par l'intermédiaire du Concessionnaire chez lequel les pièces ont été achetées et **ils devront être autorisés au préalable par écrit**. Tout renvoi sera examiné à la fois.

Les réclamations pour manques et défauts, qui ne seront pas présentées immédiatement à la réception de la marchandise, seront rejetées. En cas de réception de marchandise endommagée, une description complète doit être présentée par l'agent transporteur sur le bordereau d'expédition.

La responsabilité du constructeur se limite et cesse au moment de l'exécution des conditions de vente prévues pour chaque fourniture.

## REGLES POUR LA CONSULTATION DU CATALOGUE

En vue d'une recherche correcte des pièces de rechange, il est nécessaire de:

a) Consulter la liste des versions à page 30, pour repérer le code numérique éventuel de la version concernée; voir paragraphe 1, point (6) ci-après.

b) Consulter les planches illustrées, et leurs listes de pièces de rechange comme indiqué aux paragraphes 1 et 2.

c) Pour les modèles comportant des variantes, consulter la liste des variantes à page 31, où il est reporté, par ordre progressif, le sous-groupe et le numéro code correspondant.

### 1. Illustrations (voir exemple page 17)

Elles représentent les pièces de rechange de chaque groupe dans lesquels la machine est divisée.

Les pièces de rechange représentées sont repérées par le numéro de référence (ITEM). Le numéro de référence peut être remplacé par d'autres indications, par exemple:

3.4350:pièce illustrée exclusivement au Sgr. 3.4350

Chaque illustration reporte en outre:

Code de sous-groupe ou code de la variante ① — numéro de planche, numéro de page ② — indications de mise à jour ③, par exemple:

Le suffixe 05, ajouté au numéro d'imprimé 604.01.046, indique que le sous-groupe a été modifié avec la 6<sup>ème</sup> mise à jour du catalogue, parue en date

23 février 1981. Le manque de l'indication ③, signifie qu'aucune modification n'a été apportée. Numéro du Bulletin Technique Rechanges (N.T.R.)

où la 6<sup>ème</sup> mise à jour ④ a paru — désignation du sous-groupe ⑤ —

code de la version ⑥, avec référence au point (a) précédent. L'absence de codes veut dire que la planche est valable pour toutes les versions du

modèle auquel se rapporte le catalogue — Indication de l'existence de kits de rechange ⑦, avec les numéros de référence correspondants (pour

la composition des trousseaux voir page 32) — Numéro d'ensemble ⑧.

### 2. Listes des pièces de rechange (voir exemple page 17)

Ces listes énumèrent les pièces de rechange de chaque groupe, contenues dans les illustrations correspondantes, et elles reportent pour chaque pièce:

⑨ ITEM: numéro d'appariage de la pièce représentée avec son "part number".

⑩ PART NUMBER: numéro de commande de la pièce de rechange.

⑪ Q.TY: quantité totale de la pièce, rapportée à la planche. La quantité peut être remplacée par les indications suivantes:

L: livré par longueur, K: kit à demander dans les quantités désirées.

⑫ TRANS. CODE: code pour la recherche de la traduction en français, allemand, espagnol de la description (consulter le glossaire au fond du catalogue, page 39).

⑬ DESCRIPTION/DENOMINAZIONE: description de la pièce en anglais et en italien. En cas de modification, la désignation est complétée par les types suivants d'indication et les INSTRUCTIONS DE RECHANGE éventuelles:

⑭ 4606783

C 951 = pièce valide jusqu'à la modification n° 951

⑮ 79021573

D 951 = pièce valide depuis à la modification n° 951.

Exemple d'indication d'effectuation d'une modification:

jusqu'au châssis n° 004652 (16) montées sur des machines avec n° de châssis jusqu'à 004652.

depuis le châssis n° 004653 (17): montées sur des machines avec n° de châssis à partir de 004653.

Exemple de consignes de rechange:

4606783 = 79021573 (19): dès l'épuisement des stocks de la pièce 4606783, monter la pièce 79021573.

4606787 = 79021574 + 79021576 (19): dès l'épuisement des stocks de la pièce 4606787, monter la pièce 79021574 plus la pièce 79021576.

4606792 = 79021576 - 4606794 (20): dès l'épuisement des stocks de la pièce 4606792, monter la pièce 79021576 en éliminant la pièce 4606794.

Si aucune consigne de rechange n'est reportée, cela veut dire que la pièce de l'ancien montage doit être toujours livrée de rechange, n'étant pas interchangeable avec celle du nouveau montage.

D'autres indications utiles (21) peuvent figurer dans la colonne DESCRIPTION/DENOMINAZIONE, après le signe — (pour la traduction de ces

termes de l'anglais ou de l'italien en français, allemand et espagnol voir la liste des désignations supplémentaires au début du Glossaire page 38. Les

termes RIGHT/DROIT et LEFT/GAUCHE se rapportent à la direction de roulement avant de l'engin. Si le terme WRONG/ERRATA figure à côté de

la désignation sans le terme correspondant CORRECT/CORRIGEZ à la ligne suivante, cela veut dire que cette pièce avait été incluse par erreur.

⑫ Dimensions des pièces en mm.

⑬ Matricule: code de référence documentation des Bureaux d'Etudes (pour utilisation interne Fiatallis).

### 3. RESUME DES MODIFICATIONS (page 12)

Énumération de toutes les modifications les versions éventuelles, leurs effectuations, les sous-groupes concernés et les consignes pour les rechanges.

## HINWEIS

Das Herstellerwerk behält sich vor, die Fertigung oder das Material jedes beliebigen Teils abzuändern, falls sie es für wünschenswert hält, ohne dazu verpflichtet zu sein, bereits gelieferte Einheiten entsprechend abzuändern.

Weitere Unterlagen über dieses und sämtliche anderen Modelle stehen bei den Händlern zur Verfügung. Die Unterlagen sind in der Regel auf verschiedenen Sprachen gedruckt.

Zur Suche der erforderlichen Unterlagen ist im Verzeichnis der technischen Veröffentlichungen nachzuschlagen. Exemplare des Verzeichnisses stehen bei den Händlern zur Verfügung.

## ANWEISUNG ZUR BESTELLUNG VON ERSATZTEILEN

Die Bestellnummern des Katalogs werden bei jeder Herausgabe auf den letzten Stand gebracht. Unsere Politik ist eine ständige Verbesserung der Maschinen, so dass Bestellnummern und Abbildungen nicht mehr aktuell sein können.

Beider Bestellung von Ersatzteilen prüfen Sie daher bitte die Bestellnummern bei Ihrem Händler, der über die Mikroarten und über die allgemeine Liste der Ersatzteile samt Änderungen verfügt.

## BESTELLEN SIE DIE ERSATZTEILE BEIM HANDLER IHRES GEBIETES

Bei der Bestellung von Ersatzteilen geben sie bitte folgendes an (siehe Seite 30):

- Modell der Maschine, Fahrgestellnummer, Motorbauart, Motornummer, am Kurbelgehäuse eingeschlagen.
- Bestellnummer des gewünschten Teils (nach den Kataloglisten) angeben, möglichst mit der entsprechenden Bezeichnung. Beziehen sich die Ersatzteile auf eine Gruppe mit eigener Modell- oder Baureihennummer, so sind auch diese Daten anzugeben.
- In der Adresse sind Postamt, Stadt, Region und Land, nach dem die Ersatzteile zu schicken sind.
- Ausserdem ist die Versandart des Materials anzugeben (See, Land, Express, Postpaket).
- Sämtliche fernmündlich oder telegraphisch erteilten Bestellungen sind schriftlich zu bestätigen.

Eventuelle Rückgaben von Teilen können ausschliesslich an oder durch den Händler erfolgen, bei dem die betreffenden Teile gekauft wurden, und **müssen vorher schriftlich genehmigt werden**. Jede Rückgabe wird einzeln in Betracht gezogen.

Beanstandungen wegen Mängel oder Fehler werden nur berücksichtigt, wenn sie sofort bei Erhalt der Ware gemacht werden.

Bei Erhalt von beschädigter Ware sollte der Mann des Spediteurs eine vollständige Beschreibung des Schadens in die Versandpapiere eintragen.

Die Haftung vom Herstellerwerk ist beschränkt und hört nach Erfüllung der für jede einzelne Lieferung vorgesehenen Verkaufsbedingungen auf.

Glosario.....	39

## CÓMO SE MANEJA EL CATÁLOGO

Para buscar correctamente las piezas de repuesto, es preciso:

- consultar la lista de versiones pág. 30, para identificar, en su caso, el código numérico de la versión que interesa; véase el siguiente párrafo 1, punto 6.
- consultar las láminas, y las respectivas listas de piezas de repuesto conforme se explica en los párrafos 1 y 2;
- para los modelos que comprenden variantes, consultar la lista de variantes pág. 31, donde se indica, por orden progresivo, el subgrupo y el correspondiente número de código.

### 1. Láminas (véase el ejemplo, a pág. 27)

Representan las piezas de repuesto de cada subgrupo en que se divide la máquina. Las piezas de repuesto representadas se designan mediante un número de referencia (ITEM), el cual puede ir sustituido por otras indicaciones; ejemplo:

3.4350-pieza ilustrada únicamente en el Sgr.3.4350

Además, en cada lámina figuran:

El código del subgrupo o código de la variante ① — el número de la lámina, número de la página ② — la indicación de su revisión ③: ejemplo: el sufijo 06, que se agrega al número de la publicación 604.01.046, significa que el subgrupo ha sido modificado en la 6ª revisión del catálogo, editado en fecha de 23 de febrero de 1981; de carecer la indicación ③, significa que no ha habido modificaciones. Número del Boletín Técnico de Recambios (N.T.R.) en el cual se ha efectuado la 6ª revisión ④ — la denominación del subgrupo ⑤ — el código de la versión ⑥, con referencia al punto (a) que antecede; de faltar ese código, se entiende que la lámina es aplicable a todas las versiones del modelo de que se trata en el catálogo; — la indicación de la existencia de fornituras de recambios ⑦, con los respectivos números de referencia (véase en la pág. 32 la composición de las fornituras); — Número de conjunto ⑧.

### 2. Listas de las piezas de repuesto (véase el ejemplo en la pág. 27)

En ellas se reseñan las piezas de repuesto de cada subgrupo representadas en las láminas correspondientes, indicando para cada pieza:

- ITEM: el número de cada pieza representada que se acompaña a su «part number».
- PART NUMBER: número de catálogo de cada pieza de repuesto.
- Q.TY: número total de la pieza, representada en la lámina; este número puede reemplazarse con las indicaciones siguientes: L = se entrega en trozos de suficiente longitud; K = fornitura que debe encargarse en la cantidad deseada.

⑫ TRANS. CODE: código para buscar la traducción al francés, alemán y español de la denominación (consultese el glosario al final del catálogo, pág. 39).

⑬ DESCRIPTION DENOMINAZIONE: denominación de la pieza en inglés e italiano. En caso de modificaciones, la denominación viene integrada por los tipos de indicación siguientes y, en su caso, por las NORMAS DE RECAMBIO.

⑭ 4606783

C 951 = pieza aplicable hasta la modificación 951:

⑮ 7902157?

D 951 = pieza aplicable a partir de la modificación 951.

Ejemplo de indicación de aplicación de la modificación:

hasta el chasis nº 004652 ⑯: incorporada a las máquinas con chasis hasta el número 004652;

a partir del chasis nº 004653 ⑰: incorporada a las máquinas a partir del chasis con número 004653.

Ejemplo de normas de recambio:

4606780 = 79021573 ⑱: al agotarse las reservas en almacén de la pieza 4606783, aplíquese la 79021573.

4606787 = 79021574 + 79021576 ⑲: al agotarse las reservas en almacén de la pieza 4606787, aplíquese la 79021574 más la 79021576;

4606792 = 79021576 - 4606794 ⑳: al agotarse las reservas en almacén de la pieza 4606792, aplíquese la 79021576 eliminando la 4606794.

Suponiendo que a la indicación de incorporación no se acompañen normas de recambio, ello significa que siempre tiene que entregarse el recambio de la pieza ante-modificación, por no ser intercambiable con aquella post-modificación.

Otras indicaciones útiles ㉑ pueden consignarse en la columna DESCRIPTION DENOMINAZIONE, después del signo — (la traducción de estas voces del inglés o italiano al francés, alemán y español, figura en la lista de voces suplementarias que precede el glosario (pág. 38). Las voces RIGHT DERECHO y LEFT IZQUIERDO se refieren al sentido de marcha de la máquina.

Suponiendo que a una denominación se acompañe la palabra WRONG DONDE DICE, y en el renglón siguiente no aparezca la correspondiente CORRECT/LEASE, significa que la pieza sobra, por un error.

㉒ Dimensiones de las piezas en mm.

㉓ Matrícula: código de la documentación de proyectos (para uso particular de Fiatallis).

### 3. RESUMEN DE LAS MODIFICACIONES (página 34)

Este resumen sirve para sintetizar las modificaciones, eventuales versiones y relativas aplicaciones, los subgrupos afectados y las normas de recambio.

## ADVERTENCIA

El Fabricante se reserva el derecho de modificar la construcción o el material de cualquier pieza, si ello resultase procedente, pero sin obligarse a aplicar tales modificaciones a las unidades ya en servicio.

Otras publicaciones referentes a este modelo, lo mismo que a todos los restantes modelos, son disponibles en los Concesionarios. Tales publicaciones, por lo general, son disponibles en diversas lenguas.

Para conocer tales publicaciones consúltase el catálogo de las publicaciones técnicas. Ejemplares de este catálogo obran en los Concesionarios.

## COMO SE ENCARGAN LOS RECAMBIOS

Los números de catálogo de las piezas reseñadas en esta publicación están al día hasta la fecha de salida a luz de la misma. Nuestra política estriba en el afán de mejorar constantemente las máquinas, y por lo tanto, los números de catálogo y los grabados a veces puede no sean más efectivos. Con motivo, pues, de ir a encargar piezas de repuesto, verifique los números de catálogo con su Concesionario, el cual dispone de las microfichas y de la lista general de los recambios puesta al día.

## ENCARGUENSE LOS RECAMBIOS AL CONCESIONARIO DE SU ZONA

Los encargos de piezas de repuesto tienen que incluir los datos siguientes (véase página 30):

- Modelo de la máquina, Número de fabricación del chasis, Modelo del motor, Número de fabricación del motor, punzonado en el bloque de cilindros.
  - Indicar el número de catálogo de cada pieza encargada - tal cual figura en las listas del catálogo - posiblemente acompañado de la denominación que corresponde.
- Si los recambios pertenecen a un conjunto que posee su propio número de modelo o de serie, indíquense incluso tales datos.
- En la dirección indíquense la oficina de correos, la ciudad, provincia y nación a donde han de remitirse los recambios.
  - Además, indíquense las modalidades de expedición del material: transporte marítimo, terrestre, expreso, o paquete postal.
  - Confirmar per escrito todos los encargos enunciados por teléfono y por cable.

Eventuales devoluciones de piezas podrán hacerse tan sólo al/o por conducto del Concesionario al cual se han comprado las piezas, y **deberán ser previamente autorizadas por escrito**. Cada devolución se tomará en cuenta según se merece.

Las reclamaciones por faltas o defectos no se tomarán en cuenta, a no ser que vengan efectuadas inmediatamente después de recibir la mercancía.

En caso de que se reciba mercancía que ha sufrido daños, una completa descripción del daño debería ser efectuada por el agente del transportista en el mismo documento de expedición.

La responsabilidad del fabricante es limitada y cesa al cumplirse las condiciones de venta provistas para cada aprovisionamiento.
