SCHEDULED MAINTENANCE	25 to 35
Checking mechanical problems of hydraulic system	33 to 35
Lubrication	25
Lubrication guides	26 to 29
Periodic	25
Scheduled	25
Tractor equipment lubrication points	30 to 33
 MAINTENANCE	 36 to 39
Blade equipment storage	39
Cutting edges and end bits	37
Disassembly of the bulldozer and bullgrader	37
Blade from the C-frame	37
Blade from the push arms	38
C-frame or push arms	37
C-frame or push arm trunnions	37
Cable control unit	38
Connecting linkage and controls	38
Diagonal struts	37
Grille doors	38
Hoist cylinder yokes	38
Hydraulic cylinders	38
Hydraulic cylinder hoses and pump hoses	38
Hydraulic pump and valve	38
Lower struts	37
Power take-off shaft	38
Radiator guard	38
Upper struts	37
Fan belts	36
Hydraulic system	36
Steel cable maintenance	38, 39

CONTENTS

	Page
INTRODUCTION	4
DESCRIPTION	4 to 6
Cable operated bulldozers and bullgraders	4,5
Hydraulic operated bulldozers and bullgraders	5
Model designation of tractor equipment	5
Specifications	5,6
INSTALLATION	6 to 20
Hydraulic tests after installation	19
Installation of components	6 to 19
Blade on the C-frame	17
C-frame on the tractor	16,17
Cable guide tube	11
Connecting linkage and controls (Models 20D-1, 20D-2, 20G-1 and 20G-2)	9 to 11
Controls (Models 20D-3 and 20G-3)	11
Diagonal and upper struts	15,16
Front power take-off adapter and shaft assembly	6
Hoist cylinder yokes	7
Hydraulic cylinders	11
Hydraulic hoses	11 to 13
Lower struts	17,18
Mounting the cable control unit:	
P-25 or P-29	9
110	9
Mounting the pump and valve to the radiator guard	7 to 9
Push arms and blade on the tractor	16
Push arms on the blade	15
Radiator guard:	
Cable	9
Hydraulic	6,7
Sheaves and sheave blocks	13 to 15
Trunnions	15
Upper and lower grille doors	13
Upper struts	18,19
Reeving	19,20
OPERATION	21 to 24
Bulldozer	22
Leveling the blade	22
Pitching the blade	22
Tilting the blade	22
Bullgrader	22 to 24
Angling the blade	22,23
Changing the angle of the blade	23,24
Tilting the blade	24
Control handle positions	21
Control lever positions	21,22
Model P-25 and P-29 cable control units	21
Model 110 cable control unit	22
