

## SERIAL NUMBERS

Each JD450-C Crawler Loader has three serial numbers; one for the basic tractor, one for the engine, and one for the backhoe.

The basic crawler serial number is located on the battery box front plate.

The engine serial number plate is located below and to the rear of the fuel pump mounting boss on the right side of the cylinder block. The engine serial number is not used in this catalog.

The 9300 Backhoe serial number plate is located on the left side of the backhoe main frame.

Left-hand side, right-hand side, front and rear of the crawler loader is viewed by facing in the direction of crawler loader forward travel.

Whenever serial numbers are required on all warranty claims or correspondence pertaining to this product, it is extremely important that all characters be furnished. This point cannot be overemphasized.

### AN EXPLANATION OF BASIC TRACTOR SERIAL NUMBER

<sup>1</sup>  
450C    <sup>2</sup>  
 A    <sup>3</sup>  
000000    <sup>4</sup>
