

CLARK

PARTS MANUAL

No. 1698-R1

MODEL 75A

Series II

TRACTOR SHOVEL

Information contained herein pertains to Machine Serial Numbers listed below:

**75A Waukesha Gas — 2CA101 thru 2CA999,
3CA101 thru 3CA999**

**75A G.M. Diesel — 2CG101 thru 2CG999,
3CG101 thru 3CG999**

Data covering Machine Serial Ranges prefixed with designations 4CA, 5CA, 4CG, 5CG, etc., and machines powered with optional power plants will be found contained in Supplements at rear of this Manual.

Record Your Machine
Serial Number Here

MODEL 75A SERIES II TRACTOR SHOVEL

TS-3698

WHEN ORDERING REPAIR PARTS

To assure the best results and to maintain the original quality built into the machine it is important that genuine "Clark" Parts be used when new parts are required.

IMPORTANT: Always furnish the distributor with the machine serial number when ordering parts.

Order through your nearest Clark Distributor, for THE MICHIGAN LINE.

Always give serial number of machine.

Furnish: Quantity, Part Number and Description.

WHEN PARTS ARE RECEIVED

Check immediately for quantity, correctness and condition.

Advise your Michigan Distributor of any error.

Claims for damages, during shipment, should be made to the carrier immediately.

ENGINE AND ACCESSORIES — G.M.

All orders for engine assembly or components thereof should be placed with the nearest G.M. Diesel Distributor. To obtain proper items, it is necessary to provide your engine model, serial number and accessory group type number for the equipment required. This data is stamped on the options and accessories plate on the rocker cover of the engine.

Item No.	Part No.	Description	No. Req'd.

§Not Sold Separately

†Not Illustrated

NOTE "A": When Converter Charging Pump replacement is required, only a new factory built and tested pump should be used. Proper operation of Converter and Transmission is dependent on an efficient charging pump. Damage possible by use of a field rebuilt pump can result in repair cost exceeding cost of new pump alone.

*NOTE: For replacement use 801524 Kit, which consists of 1—234503 Cover & 1—222006 Bushing.

*NOTE: Minor Repair Kit consists of "O" Rings, Back-up Washers, Gaskets and approximately 20% of the hardware items such as bolts, nuts, springs and washers. The latter for the purpose of replacing any of these items lost or damaged in repair operation.

**NOTE: Pump Bodies, Covers and Bearings will not be made available for field use since when these items are worn beyond limits permitting re-use, the cost of rebuilding the pump exceeds practical limits. In such cases a new pump assembly should be utilized.

***NOTE: For complete replacement on Converter Charging Pump use 450229 Pump. For complete replacement of Steering Pump use 2522608 Pump, plus 1—2522413 Gasket.
