USE OF THE CATALOG

To locate the parts correctly, proceed as follows:
a) Consult the version list on page 4 to find the code number of the version required; see following point 1 (6).
b) Consult the illustrations, the associated parts lists and the "Modifications" tables as directed below in 1, 2 and 3.
c) To identify the components of the possible special equipment of the machine, consult the optional equipment list on page 8 to find the code number and subgroup.

1. Illustrations (see example on page 2/1)
Illustrations show the parts of each subgroup. The parts illustrated are identified by a reference number (ITEM). This number may be replaced by other indications, for example:
E9.03: Part shown only in subgroup E9.06
Moreover, each illustration shows:
— Subgroup number (1) — Sheet number (2) used when one subgroup covers several sheets, and — Updating indication (3), for example:
Suffix 08, in print no. 804.01.846, indicates that subgroup modification is shown in 8th updating of the catalog dated 23-2-85. When code (3) is missing, no changes were introduced. Updating qualification description, if any (4) subgroup title (5) — version code (6) with reference to previous point (a).
In lack of said codes, the illustration applies to all the list versions covered by the catalog.
— Indication of part kit (7), with associated part numbers and part kit symbol. (See page 9 for kit composition).
— (8) Applicability (besides the version code 6): C 851 → tel. n. 004652 which means that the illustration is valid up to machine S/N 004652, as a consequence of modification 851.
D 851 tel. 004653 → which means that the illustration is valid from machine S/N 004653, as a consequence of modification 851.
For further information on the modification, see the "Modifications" tables as per point 3.

2. Part list (see example on page 2/1)
They list the parts of each subgroup contained in the corresponding illustrations. The following is shown for each part:
(9) ITEM: number identifying the part shown with the respective "part number"
(10) PART NUMBER: part order number
(11) Q.TY: total quantity of the part. The quantity may be replaced by the following indications:
L = supplied by length, K = kit to be ordered in the desired quantity.
(12) TRANS. CODE: for retrieval of the French, German, Spanish translations of the part names consult the basic part names in last section of Catalog, or form 605.01.105).
(13) DESCRIPTION/DENOMINAZIONE: Description of the part in English and Italian.
In case of modification, the description is completed with this kind of indication:
(14) 4606753
C 851 which means that the part is valid before the modification 851.
(15) 79021573
D 851 which means that the part is valid after the modification 851.
For the effectiveness and the directions for replacement, see the "Modifications" tables as per following point 3.
Other useful indications (16) may be provided under DESCRIPTION/DENOMINAZIONE after sign — (for French, German, Spanish equivalents, see additional list heading the basic part name list, at the end of catalog or at the beginning of booklet 605.01.105). Terms RIGHT/DESTRO and LEFT/SINISTRO refer to the direction of machine forward travel.
Should the word WRONG appear next to a part name without the corresponding CORRECT on the line immediately below it means that the associated part was erroneously included at an earlier stage.
(17) Subgroup, illustration number (when the subgroup includes more than one illustration), page number (when the listing for one illustration takes more than one page).
(18) Optional equipment code: this number indicates that parts listed and marked (*) belong to the given equipment. If on the contrary the code appears on the illustration only, it means that all parts of the subgroup belong to the special equipment in question (See para (c) above).
(19) Standard part dimensional data.

3. "MODIFICATIONS" tables (on pages M at the end of the catalog).
They list all modifications introduced on the machines during their production, their effectiveness and the directions for replacement if any.
Indications and codes:
C 851 → tel. n. 004652 which means part valid before modification 851, installed on machines with S/N up to 004652
D 851 tel. n. 004653 → wich means part valid after modification 851, installed on machines with S/N form 004653
The last column is reserved to the summary of the involved subgroups and the directions for replacement if any.
Examples of direction for replacement:
4606783 = 79021573: on exhaustion of stocks of part 4606783 fit part 79021573.
4606787 = 79021574 + 79021576: on exhaustion of stocks of part 4606787 fit part 79021574 plus 79021576.
4606792 = 79021576 – 3608794: on exhaustion of stocks of part 4606792 fit 79021576 and discard 4606794.
If no directions for replacement are given, this means that the old and new parts are not interchangeable and, hence, the former must be supplied as spare.

ADVERTENCIA

La Fábrica se reserva el derecho de modificar la construcción o el material de cualquier pieza, si ello resultase procedente, pero sin obligarse a aplicar tales modificaciones a las unidades ya en servicio.
Otras publicaciones referentes a este modelo, lo mismo que a todos los restantes modelos, son disponibles en los Concesionarios. Tales publicaciones, por lo general, son disponibles en diversas lenguas.
Para conocer tales publicaciones consúltese el catálogo de las publicaciones técnicas 604.07 040. Ejemplares de este catálogo obran en los Concesionarios.

COMO SE ENCARGAN LOS RECAMBIOS

Los números de catálogo de las piezas reseñadas en esta publicación están al día hasta la fecha de salida a luz de la misma. Nuestra política estriba en el afán de mejorar constantemente las máquinas, y por lo tanto, los números de catálogo y los grabados a veces puede no ser ya los más efectivos. Con motivo, pues, de ir a encargar piezas de repuesto, verifique los números de catálogo con su Concesionario, el cual dispone de las microfichas y de la lista general de los recambios puesta al día.

ENCARGUENSE LOS RECAMBIOS AL CONCESIONARIO DE SU ZONA

Los encargos de piezas de repuesto tienen que incluir los datos siguientes (véase página 4):
- Modelo de la máquina, Número de fabricación del chasis, Modelo del motor, Número de fabricación del motor, punzonado en el bloque de cilindros.
- Indicar el número de catálogo de cada pieza encargada - tal cual figura en las listas del catálogo - posiblemente acompañado de la denominación que corresponda.

Si los recambios pertenecen a un conjunto que posee su propio número de modelo o de serie, indíquense incluso tales datos.

- En la dirección indíquense la oficina de correos, la ciudad, provincia y nación a donde han de remitirse los recambios.
- Además, indíquense las modalidades de expedición del material: transporte marítimo, terrestre, expreso, o paquete postal.
- Confirmar por escrito todos los encargos anunciados por teléfono y por cable.

Eventuales devoluciones de piezas podrán hacerse tan sólo al/o por conducto del Concesionario al cual se han comprado las piezas, y deberán ser previamente autorizadas por escrito. Cada devolución se tomará en cuenta según se merece.
Las reclamaciones por faltas o defectos no se tomarán en cuenta, a no ser que vengan efectuadas inmediatamente después de recibir la mercancía.
En caso de que se reciba mercancía que ha sufrido daños, una completa descripción del daño debería ser efectuada por el agente del transportista en el mismo documento de expedición.
La responsabilidad de la Fábrica es limitada y cesa al cumplirse las condiciones de venta provistas para cada aprovisionamiento.

HINWEIS

Das Herstellerwerk behält sich vor, die Fertigung oder das Material jedes beliebigen Teils abzuändern, falls sie es für wünschenswert hält, ohne dazu verpflichtet zu sein, bereits gelieferte Einheiten entsprechend abzuändern.
Weitere Unterlagen über dieses und sämtliche anderen Modelle stehen bei den Händlern zur Verfügung. Die Unterlagen sind in der Regel auf verschiedenen Sprachen gedruckt.
Zur Suche der erforderlichen Unterlagen ist im Verzeichnis der technischen Veröffentlichungen 604.07.040 nachzuschlagen. Exemplare des Verzeichnisses stehen bei den Händlern zur Verfügung.

ANWEISUNG ZUR BESTELLUNG VON ERSATZTEILEN

Die Bestellnummern des Kataloges werden bei jeder Herausgabe auf den letzten Stand gebracht. Unsere Politik ist eine ständige Verbesserung der Maschinen, so dass Bestellnummern und Abbildungen nicht mehr aktuell sein können.
Bei der Bestellung von Ersatzteilen prüfen Sie daher bitte die Bestellnummern bei Ihrem Händler, der über die Mikrokarten und über die allgemeine Liste der Ersatzteile samt Änderungen verfügt.

BESTELLEN SIE DIE ERSATZTEILE BEIM HANDLER IHRES GEBIETES

Bei der Bestellung von Ersatzteilen geben sie bitte folgendes an (sie Seite 4):

- Modell der Maschine, Fahrgestellnummer, Motorbauart, Motornummer, am Kurbelgehäuse eingeschlagen.
- Bestellnummer des gewünschten Teils (nach den Katalogisten) angeben, möglichst mit der entsprechenden Bezeichnung.

Beziehen sich die Ersatzteile auf eine Gruppe mit eigener Modell oder Baureihennummer, so sind auch diese Daten anzugeben.

- In der Adresse sind Postamt, Stadt, Region und Land, nach dem die Ersatzteile zu schicken sind.
- Ausserdem ist die Versandart des Materials anzugeben (See, Land, Express, Postpaket).
- Sämtliche formündlich oder telegraphisch erteilten Bestellungen sind schriftlich zu bestätigen.

Eventuelle Rückgaben von Teilen können ausschliesslich an oder durch den Händler erfolgen, bei dem die betreffenden Teile gekauft wurden, und müssen vorher schriftlich genehmigt werden. Jede Rückgabe wird einzeln in Betracht gezogen.
Beanstandungen wegen Mängel oder Fehler werden nur berücksichtigt, wenn sie sofort bei Erhalt der Ware gemacht werden.
Bei Erhalt von beschädigter Ware sollte der Mann des Spediteurs eine vollständige Beschreibung des Schadens in die Versandpapiere eintragen.
Die Haftung vom Herstellerwerk ist beschränkt und hört nach Erfüllung der für jede einzelne Lieferung vorgesehenen Verkaufsbedingungen auf.

ATTENTION!

L'Usine se réserve le droit de modifier la construction ou le matériau de toute pièce, si cela se révèle nécessaire, sans devoir apporter ces modifications sur les pièces déjà livrées.
D'autres publications concernant ce modèle et tous les autres modèles sont disponibles au près des Concessionnaires. En général, ces publications sont disponibles en plusieurs langues.
Pour trouver ces publications, se référer au catalogue des publications techniques 604.07.040. Des exemplaires du catalogue sont disponibles au près des Concessionnaires.

INSTRUCTIONS POUR LA COMMANDE DES PIECES DE RECHANGE

Les numéros de commande indiqués sur ce catalogue sont mis à jour à la date de sortie de la publication. Nous nous efforçons constamment d'améliorer les machines et, par conséquent, les numéros de commande et les illustrations peuvent ne plus être à jour.
Au moment de passer commande des pièces de rechange, contrôler les numéros de commande au près de Votre Concessionnaire, qui despose des microfiches et de la liste générale des pièces de rechange.

PASSER COMMANDE DE PIECES DE RECHANGE CHEZ LE CONCESSIONNAIRE DE VOTRE ZONE

Les commandes de pièces de rechange doivent comporter les indications suivantes (voir page 4):

- Modèle de la machine, Numéro du chassis, Type du moteur, Numéro du moteur estampillé sur le bâti moteur.
- Indiquer le numéro de commande de la pièce désirée (indiqué sur les listes du catalogue), accompagné si possible de sa désignation.
Si les pièces se rapportent à un groupe possédant son propre numéro de modèle ou de série, indiquer aussi ce dernier.
- Indiquer dans l'adresse, le bureau de poste, la ville, la région et le pays où les pièces de rechange doivent être envoyées.
- Indiquer de plus les modalités d'expédition du matériel (par mer, par terre, exprès ou colis postal).
- Confirmer par écrit toutes les commandes envoyées par téléphone ou télégraphe.

En cas de renvois de pièces, ils pourront être effectués seulement à/ou par l'intermédiaire du Concessionnaire chez lequel les pièces ont été achetées et ils devront être autorisés au préalable par écrit. Tout renvoi sera examiné à la fois.
Les réclamations pour manques et défauts, qui ne seront pas présentées immédiatement à la réception de la marchandise, seront rejetées.
En cas de réception de marchandise endommagée, une description complète doit être présentée par l'agent transporteur sur le bordereau d'expédition.
La responsabilité de l'Usine se limite et cesse au moment de l'exécution des conditions de vente prévues pour chaque fourniture.

AVVERTENZA

La Fabbrica si riserva di modificare la costruzione o il materiale di qualsiasi parte, qualora ciò risulti desiderabile, senza obbligo di apportare tali modifiche sulle unità già consegnate.
Altre pubblicazioni relative a questo modello e a tutti gli altri modelli sono disponibili presso i Concessionari. Le pubblicazioni sono generalmente disponibili in diverse lingue.
Per individuare queste pubblicazioni, fare riferimento all'indice delle pubblicazioni tecniche 604.07.040. Copie dell'indice sono disponibili presso i Concessionari.

ISTRUZIONI PER ORDINARE I RICAMBI

I numeri di ordinazione riportati su questo catalogo sono aggiornati alla data di uscita della pubblicazione. È nostra politica migliorare costantemente la macchina e quindi i numeri di ordinazione e le illustrazioni possono non essere più attuali.
Al momento di ordinare i ricambi, verificare i numeri di ordinazione presso il Vostro Concessionario, che dispone delle microfiches e dell'elenco generale dei ricambi aggiornati.

ORDINARE I RICAMBI PRESSO IL CONCESSIONARIO DELLA VOSTRA ZONA

Le ordinazioni di parti di ricambio devono essere corredate delle seguenti indicazioni (vedere pag. 4):

- Modello della macchina, Numero del telaio, Tipo del motore, Numero del motore, stampigliato sul basamento del motore.
- Indicare il numero di ordinazione della parte che si richiede (riportato sugli elenchi del catalogo), possibilmente completato dalla relativa denominazione. Se i ricambi si riferiscono a un complessivo che ha un proprio numero di modello o di serie, precisare anche questi dati.
- Precisare nell'indirizzo l'ufficio postale, la città, la regione e lo stato dove i ricambi devono essere spediti.
- Precisare inoltre le modalità di spedizione del materiale (via mare, via terra, espresso o pacco postale).
- Confermare per iscritto tutti gli ordini anticipati per telefono o telegrafo.

Eventuali restituzioni di parti potranno essere effettuate solamente a/o tramite il Concessionario dal quale le parti furono acquistate e dovranno venire autorizzate in precedenza per iscritto. Ogni restituzione verrà presa in considerazione singolarmente.
I reclami per mancanze o difetti, se non effettuati immediatamente al ricevimento della merce, non verranno presi in considerazione.
In caso di ricevimento di merce danneggiata, una completa descrizione del danno dovrà venire effettuata dall'agente del Corriere trasportatore sul documento di spedizione.
La responsabilità della Fabbrica è limitata e cessa al compimento delle condizioni di vendita previste per ogni singola fornitura.

NOTICE

The right is reserved to change the construction or material of any parts where it seems desirable to do so without incurring the obligation of installing such changes on units already delivered.
Additional publications pertaining to this model and to all other products are available through the dealers. Publications are generally available in several languages.
Refer to Service Publications Index form 6614.07.040 for all such publications; the index is available from the dealers.

INSTRUCTIONS FOR ORDERING PARTS

At the time this parts catalog was published the listed part numbers were current. It is our policy to constantly improve our machines and therefore, part numbers and design may change.
When ordering parts, verify part numbers through your dealer's microfiche and master numerical index which are up to date with all the latest part numbers.

ORDER PARTS FROM THE DEALER COVERING THE LOCAL TERRITORY

Orders for spare parts must include the following data (see page 4):

- Model, Serial Number, Engine model, Engine serial number, marked on engine block.
- Specify the part number (shown on Spare Parts Catalog list), possibly completed by a description. If parts refer to an assembly which has a model or serial number, also include this information.
- Give post office address, town, county and state where parts are to be shipped.
- Also specify whether material is to be shipped by freight, express or parcel post.
- Confirm all telephone or telegraph orders in writing.

Parts can only be returned to/through the dealer from whom the parts were purchased and **must have prior written authorisation.** Each return will be treated individually.
Unless claims for shortages or errors are made immediately upon receipt of goods, they will not be considered.
When broken goods are received, a full description of the damage should be made by the carrier agent on the freight bill.
The Factory responsibility is limited, and ceases upon completion of sale conditions provided for each delivery.

Variante 30.1070.66.1

CÓMO SE MANEJA EL CATÁLOGO

Para buscar correctamente las piezas de repuesto, es preciso:
a) consultar la lista de versiones pág. 4, para identificar, en su caso, el código numérico de la versión que interesa; véase el siguiente párrafo 1, punto E
b) consultar las láminas, las respectivas listas de piezas de repuesto y la tabla de modificaciones conforme se explica en los párrafos 1, 2 y 3;
c) para los modelos que comprenden variantes, consultar la lista de variantes pág. 5, donde se indica incluso el correspondiente número de código por orden progresivo, y la lista de los subgrupos afectados.

1. **Láminas** (véase el ejemplo, a pág. 2/9)
Representan las piezas de repuesto de cada subgrupo en que se divide la máquina.
Las piezas de repuesto representadas se designan mediante un número de referencia (ITEM), el cual puede ir sustituido por otras indicaciones; ejemplo:
E3.06: pieza ilustrada únicamente en el 6gr. **E3.06**
Además, en cada lámina figuran:
El código del subgrupo (1) — **el número de la hoja (2)**, cuando el mismo subgrupo comprende más de una lámina — **la indicación de su revisión (3)**; ejemplo: el sufijo **05**, que se agrega al número de la publicación **604.01.045**, significa que el subgrupo ha sido modificado en la **5ª** revisión del catálogo, editada en fecha de **23 de febrero de 1995**; de carecer la indicación (3), significa que no ha habido modificaciones; — **la indicación, en su caso, de la publicación de la revisión (4)** — **la denominación del subgrupo (5)** — **el código de la versión (6)**, con referencia al punto (a) que antecede; a faltar ese código, se entiende que la lámina es aplicable a todas las versiones del modelo de que se trata en el catálogo; — **la indicación de la existencia de fornituras de recambio (7)**, con los respectivos números de referencia (véase en la pág. 9 la composición de las fornituras); — **validez** — **(8)** (además de la validez para la versión a que se refiere el código 6): **C 850 → tel. nº 076204** significa que la lámina, a raíz de la modificación 835, es aplicable hasta la máquina con número de bastidor 076294, **D 835 tel. 076295 →** significa que la lámina, a raíz de la modificación 835, es aplicable a partir de la máquina con número de bastidor 076295.
Para mayores datos sobre las modificaciones, véase la tabla de modificaciones de que se trata más adelante en el párrafo 3.

2. **Listas de las piezas de repuesto** (véase el ejemplo en la pág. 2/9)
En ellas se recogen las piezas de repuesto de cada subgrupo representadas en las láminas correspondientes, indicando para cada pieza:
(9) ITEM: el número de cada pieza representada que se acompaña a su «part number» (= número de catálogo),
(10) PART NUMBER: número de catálogo de cada pieza de repuesto.
(11) Q.TY: número total de la pieza, representada en la lámina; este número puede reemplazarse con las indicaciones siguientes: L = se entrega en trozos de suficiente longitud; K = fornitura que debe encargarse en la cantidad deseada.
(12) TRANS. CODE: código para hacer la traducción al francés, alemán y español de la denominación (consúltese la lista de las denominaciones básicas al final del catálogo, o el opúsculo 604.01.105).
(13) DESCRIPTION DENOMINAZIONE: denominación de la pieza en inglés e italiano.
En caso de modificaciones, a la denominación se acompaña la indicación siguiente:
(14) 4606783
C 851 = pieza anterior a la modificación 851;
(15) 79021573
D 851 = pieza posterior a la modificación 851.
Ver en la tabla de modificaciones de que se trata en el párrafo 3, la indicación de cómo se aplica la modificación y las eventuales normas de recambio.
Otras indicaciones útiles **(16)** pueden consignarse en la columna DESCRIPTION/DENOMINAZIONE, después de signo — (la traducción de estas voces del inglés o italiano al francés, alemán y español, figura en la lista de voces suplementarias que precede a la lista de denominaciones básicas al final del catálogo, o al principio del opúsculo 604.01.105. La voces RIGHT/DERECHO y LEFT/IZQUIERDO se refieren al sentido de marcha de la máquina. Suponiendo que a una denominación se acompaña la palabra WRONG/DONDE DICE, y en el renglón siguiente no aparezca la correspondiente CORRECT/LÉASE, significa que la pieza sobra, por un error.
(17) Subgrupo, número de la lámina (si acaso el subgrupo comprende grabados diversos), número de la página (si acaso la lista de piezas de repuesto de una misma lámina ocupa más de una página).
(18) Número de código de la variante: indica que las piezas reseñadas y contraseñadas con (*) pertenecen a aquella misma variante. En cambio, si el código aparece tan sólo en la lámina, significa que todas las piezas de ese subgrupo pertenecen a esa variante (véase el punto c) que antecede).
(19) Dimensiones de las piezas normalizadas.

3. **Tablas «MODIFICACIONES»** (reseñadas en la hojas M al final del catálogo).
En ellas se reseñan todas las modificaciones incorporadas a la máquina durante su producción, las aplicaciones habidas y las eventuales normas de recambio.
Indicaciones y abreviaturas:
— **C 851 → tel. nº 004652** = piezas anteriores a la modificación 851, montadas en las máquinas hasta el núm. 004652 del bastidor;
— **D 851 tel. nº 004653 →** = piezas posteriores a la modificación 851, montadas en las máquinas a partir del núm. 004653 del bastidor.
En las columnas «Subgrupos afectados y normas de recambio» se reseñan los subgrupos afectados por las diversas modificaciones y las eventuales normas de recambio. Ejemplo de normas de recambio:
4606783 = 79021573: como se agota la provisión de la pieza 4606783 coloque la nueva 79021573.
4606787 = 79021574 + 79021578: como se agota la provisión de la pieza 4606787, coloque las nuevas 79021574 y 79021578;
4606792 - 79021576 – 4606794: como se agota la provisión de la pieza 4606792, coloque la nueva 79021576 y elimine la 4606794.
Supongamos que no se indiquen normas de recambio, significa que hay que seguir entregando recambios de las piezas antemodificación, por no ser intercambiable con aquella postmodificación

HINWEISE ZUM GEBRAUCH DES KATALOGS

Beim Aufsuchen der benötigten Ersatzteile ist wie folgt zu verfahren:
a) In der **Liste der Ausführungen**, Seite 4, nachschlagen, um die evtl. Kodenummer der betreffenden Ausführung zu finden; s. Abschnitt 1, Punkt (4).
b) In den Bildtafeln, den zugehörigen **Ersatzteillisten** und in der **Änderungstabelle** nachschlagen, wie im Abschnitt 1, 2 und 3 angegeben.
c) Bei Typen mit Varianten, in der **Liste der Varianten**, Seite 5, nachschlagen, wo auch die entsprechende fortlaufende Kodenummer und das Verzeichnis der betreffenden Untergruppen zu finden sind.

1. **Bildtafeln** (s. Beispiel auf Seite 1/7)
Darin sind die für jede Untergruppe der Maschine vorgesehenen Ersatzteile abgebildet. Jedes Ersatzteil ist mit einer **Bezugsnummer** (ITEM) gekennzeichnet, evtl. mit zusätzlichen Angaben. An Stelle der Bezugsnummer kann eine andere Angabe vorhanden sein, z.B.:
E7.06: das Teil ist nur in Ufgr. E3.06 abgebildet.
In jeder Bildtafel ist ausserdem folgendes angegeben:
Kode der Untergruppe (1) — **Bildnummer** (2), falls die Untergruppe mehrere Bildtafeln umfasst — **Änderungsindex** (3), z.B.: Der der Druckschrift-Nr. **604.01.003**, angehängte Index **06**, bedeutet, dass die Untergruppe mit dem 6. Nachtrag zum Katalog vom 23. Februar 1983 geändert wurde. Ist kein Index (3) vorhanden, bedeutet dies, dass keine Änderung eingeführt wurde. **Angabe des evtl. Nachtrags (4) — Bezeichnung der Untergruppe (5) — Ausführungskode (6)** entsprechend obigem Punkt (a).
Ist kein Unterscheidungskode angeführt, dann gilt die jeweilige Bildtafel für alle Ausführungen des Typs, auf den sich der Katalog bezieht — **Hinweis auf die Verfügbarkeit von Ersatzteilsätzen (7)**, mit zugehörigen Bezugsnummern (Zusammensetzung dieser Sätze s. Seite 0).
(8) Gültigkeit (ausser der Gültigkeit für die Version nach Kode 6):
C 835 → bis n. 076204 bedeutet, dass die Abbildung, infolge der Änderung 935, bis zur Maschine mit Rahmen-Nr. 076204 gilt.
D 935 bis. 076205 → bedeutet, dass die Abbildung, infolge der Änderung 935, ab der Maschine mit Rahmen-Nr. 076205 gilt.
Weitere Angaben über die Änderungen siehe Änderungstabelle unter Beachtung des nachfolgenden Punkts 3.

2. **Ersatzteillisten** (s. Beispiel auf Seite 2/7)
Sie umfassen die in den betreffenden Bildtafeln abgebildeten Ersatzteile einer jeden Untergruppe; für jedes Teil ist folgendes angegeben:
(9) ITEM: Bild-Nr., auf die sich die jeweilige «part number» bezieht.
(10) PART NUMBER: Bestellnummer des Ersatzteils.
(11) Q.TY: Gebrauchsmenge mit Bezug auf die Bildtafel. An Stelle der Stückzahl kann eine folgender Angaben vorhanden sein:
L: nach Länge geliefert, K: Satz, in der jeweils gewünschten Menge zu bestellen.
(12) TRANS. CODE: Kode der Übersetzung der Teilbezeichnung in französischer, deutscher, spanischer Sprache (vgl. Verzeichnis der Grundbezeichnungen am Ende des Kataloge, oder Heft 604.01.005).
(13) DESCRIPTION/DENOMINAZIONE: Bezeichnung in englischer und italienischer Sprache.
Bei Einführung von Änderungen wird die Bezeichnung mit Angaben nachfolgender Art ergänzt:
(14) 4606783
C 851 = Teil vor Änderung Nr. 851
(15) 79021573
D 851 = Teil nach Änderung Nr. 851.
Hinweise auf die Einführung und etwaige Ersatzteilvorschriften siehe Änderungstabelle unter Beachtung des nachfolgenden Punkts 3.
Weitere nützliche Angaben (16) können in der Spalte DESCRIPTION/DENOMINAZIONE nach dem Zeichen — eingetragen werden (Übersetzung dieser Angaben aus dem Englischen bzw. Italienischen in französische, deutsche und spanische Sprache s. Verzeichnis der zusätzlichen Angaben vor dem Verzeichnis der Grundbezeichnungen am Ende des Kataloge oder am Anfang des Heftes 604.01.005).
Die Angaben RIGHT/RECHTS und LEFT/LINKS beziehen sich stets auf die normale Fahrtrichtung der Maschine.
Erscheint neben einer Bezeichnung das Wort WRONG/FALSCH ohne eine nachfolgende Zeile mit CORRECT/RICHTIG, bedeutet dies, dass das Teil irrtümlich erwähnt worden war.
(17) Untergruppe, Bildtafelnr. (falls die Untergruppe mehrere Bildtafeln umfasst), Seitennr. (falls die Ersatzteilliste für eine Bildtafel mehrere Seiten umfasst).
(18) Kodenummer der Variante: die aufgezeichneten und mit (*) gekennzeichneten Teile gehören zu einer bestimmten Variante. Wenn dagegen die Kodenummer nur auf der Bildtafel angegeben ist, so bedeutet das, dass alle Teile der Untergruppe zu der angegebenen Variante gehören (s. obigen Punkt c).
(19) Abmessungen von Normteilen.

3. **Tabellen «ÄNDERUNGEN»** (s. Blätter M am Ende des Kataloges)
In diesen Tabellen sind sämtliche während der Maschinenfertigung vorgenommene Änderungen unter Angabe ihrer Einführung und etwaiger Ersatzteilvorschriften aufgeführt.
Angaben und Abkürzungen
C 851 → bis n. 004652 = Teile vor der Änderung 851, in die Maschinen bis Rahmen-Nr. 004652 eingebaut.
D 851 bis. n. 004653 → = Teile nach der Änderung 851, in die Maschinen ab Rahmen-Nr. 004653 eingebaut.
In den Spalten «Betreffende Sgr. und Ersatzteilhinweise» sind die von der jeweiligen Änderung betroffenen Untergruppen sowie etwaige Ersatzteilhinweise aufgeführt.
Beispiel eines Ersatzteilhinweises:
4606783 → 79021573: nach Aufbrauch der Lagerbestände des Teils 4606783 ist das Teil 79021573 einzubauen.
4606787 → 79021574 + 79021576: nach Aufbrauch der Lagerbestände des Teils 4606787 ist das Teil 79021574 plus Teil 79021576 einzubauen.
4606792 → 79021576 → 4606794: nach Aufbrauch der Lagerbestände des Teils 4606792 ist das Teil 79021576 einzubauen, wobei das Teil 4606794 entfällt.
Ist kein Ersatzteilhinweis aufgeführt, dann bedeutet dies, dass das alte Teil weiter zu liefern ist, da es mit dem neuen Teil nicht austauschbar ist.

REGLES POUR LA CONSULTATION DU CATALOGUE

En vue d'une recherche correcte des pièces de rechange, il est nécessaire de:
a) Consulter la liste des versions à page 4, pour repérer le code numérique éventuel de la version concernée; voir paragraphe 1, point (1i) ci-après.
b) Consulter les planches illustrées, leurs listes de pièces de rechange et le tableau des modifications comme indiqué aux paragraphes 1, 2 et 3.
c) Pour les modèles comportant des variantes, consulter la liste des variantes à page 5, où il est repris le numéro code correspondant, par ordre progressif, et la liste des sous-groupes concernés.

1. **Illustrations** (*voir exemple page 2/5*)
Elles représentent les pièces de rechange de chaque groupe dans lesquels la machine est divisée.
Les pièces de rechange représentées sont repérées par le **numéro de référence (ITEM)**. Le numéro de référence peut être remplacé par d'autres indications, par exemple:
E3.06: pièce illustrée exclusivement au Sgr. E3.02.
Chaque illustration reporte en outre:
Code de sous-groupe (1) — numéro de feuille (2), utilisé lorsque ce même sous-groupe comporte plusieurs planches — **indications de mise à jour (3)**, par exemple:
Le suffixe 05, ajouté au numéro d'imprimé **604.01.005**, indique que le sous-groupe a été modifié avec la 5ème mise à jour du catalogue, parue en date **23 février 1985**. La marque de l'indication **(3)**, signifie qu'aucune modification n'a été apportée. **Indication de la parution d'une mise à jour éventuelle (4); — désignation du sous-groupe (5) — code de la version (6)**, avec référence au point (a) précédent. L'absence de codes veut dire que la planche est valable pour toutes les versions du modèle auquel se rapporte le catalogue — **indication de l'existence de kits de rechange (7)**, avec les numéros de référence correspondants (pour la composition des trousses voir page 9).
(8) Validité (en plus de la validité pour la version, faisant l'objet du code 6): **C 935 → tel. n° 076226** veut dire que l'illustration est valable jusqu'à la machine avec châssis n° 076204, à la suite de la modification 935.
D 935 tel. 076205 → veut dire que l'illustration est valable à partir de la modification, avec châssis n° 076205, à la suite de la modification n° 935.
Pour des renseignements ultérieurs sur la modification, voir le tableau des modifications cité au para. 3 suivant.

2. **Listes des pièces de rechange** (*voir exemple page 2/5*)
Ces listes énumèrent les pièces de rechange de chaque groupe, contenues dans les illustrations correspondantes, et elles reportent pour chaque pièce:
(9) ITEM: numéro d'appel de la pièce représentée avec son "part number".
(10) PART NUMBER: numéro de commande de la pièce de rechange.
(11) QTY: quantité totale de la pièce, requintée à la planche. La quantité peut être remplacée par les indications suivantes:
L: livré par longueur, **K**: kit à commander dans les quantités désirées.
(12) TRANS. CODE: code pour la recherche de la traduction en français, allemand, espagnol de la description (consulter la liste des désignations base au fond du catalogue, ou la brochure 604.01.105).

(13) DESCRIPTION/DENOMINAZIONE: description de la pièce en anglais et en italien.
En cas de modification, la désignation est complétée par une indication du type suivant:
(14) 4606783
C 951 = pièce antérieure à la modification n° 951
(15) 79021573
D 951 = pièce postérieure à la modification n° 951
Pour l'indication de l'exécution et les consignes de rechange éventuelles, voir le tableau des modifications cité au para. 3 ci-après.
D'autres indications utiles **(15)** peuvent figurer dans la colonne DESCRIPTION/DENOMINAZIONE, après le signe — (pour la traduction de ces termes de l'anglais ou de l'italien en français, allemand et espagnol voir la liste des désignations supplémentaires au début de la liste des désignations de base, au fond du catalogue ou au début de la brochure 604.01.105. Les termes RIGHT/DROIT et LEFT/GAUCHE se rapportent à la direction de roulement avant du tracteur. Si le terme WRONG/ERRATA figure à côté de la désignation sans le terme correspondant CORRECT/CORRIGEZ à la ligne suivante, cela veut dire que cette pièce avait été incluse par erreur.
(17) Sous-groupe, numéro de planche (si le sous-groupe comporte plusieurs illustrations), numéro de page (si la liste des pièces de rechange d'une illustration occupe plus d'une page).
(18) Numéro-code de la variante: indique que les pièces énumérées et repérées par (*) concernent la variante indiquée; si par contre le code ne figure que dans l'illustration, cela signifie que toutes les pièces du sous-groupe appartiennent à la variante indiquée (*voir point c précédent*).
(19) Dimensions des pièces normalisées.

3. **Tableau "MODIFICATIONS"** (*reporté sur les feuilles M à la fin du catalogue*).
Enumération de toutes les modifications apportées aux machines à la fabrication, leurs exécutions et les consignes éventuelles pour les rechanges.
Indications et abréviations:
C 851 → tel. n° 004652 = pièces antérieures à la modification n° 851, montées sur des machines avec n° de châssis jusqu'à 004652.
D 851 tel. n° 004653 → = pièces postérieures à la modification n° 851, montées sur des machines avec n° de châssis à partir de 004653.
Aux colonnes "Sgr. concernés et consignes de rechange" sont énumérées les sousgroupes concernés par les différentes modifications et les consignes de rechange éventuelles. Exemple de consignes de rechange:
4606783 = 79021573: dès l'épuisement des stocks de la pièce 4606783, monter la pièce 79021573.
4606787 = 79021574 + 79021576: dès l'épuisement des stocks de la pièce 4606787 monter la pièce 79021574 plus la pièce 79021576;
4606792 = 79021576 – 4606794: dès l'épuisement des stocks de la pièce 4606792, monter la pièce 79021576 en éliminant la pièce 4606794.
Si aucune consigne de rechange n'est reportée, cela veut dire que la pièce de l'ancien montage doit être toujours livrée de rechange, n'étant pas interchangeable avec celle du nouveau montage.

AVVERTENZE PER LA CONSULTAZIONE DEL CATALOGO

Per una corretta ricerca delle parti di ricambio, è necessario:
a) Consultare l'elenco delle versioni a pag. 4, per individuare l'eventuale codice numerico della versione che vi interessa; vedere seguente paragrafo 1, punto (6).
b) Consultare le illustrazioni, i relativi elenchi delle parti di ricambio e la tabella modifiche come indicato ai paragrafi 1, 2 e 3.
c) Per i modelli comprendenti varianti, consultare l'elenco varianti a pag. 5, dove viene riportato anche il numero di codice corrispondente, per ordine progressivo e l'elenco dei sottogruppi interessati.

1. **Illustrazioni** (vedere esempio a pag. 2/3)
Illustrano le parti di ricambio di ciascun sottogruppo in cui è divisa la macchina.
Le parti di ricambio illustrate sono contraddistinte dal numero di riferimento (ITEM). Il numero di riferimento può essere sostituito da altre indicazioni; ad esempio:
83.06: parte illustrata unicamente nel Sgr. 83.25
Ogni foglio reca riporta inoltre:
Codice del sottogruppo (1) — numero di foglio (2), utilizzato quando il medesimo sottogruppo comprende più tavole — **indicazione di aggiornamento** (3), esempio:
Il suffisso 6%, aggiunto al numero di stampato 604.01.05% indica che il sottogruppo è stato modificato con il 6° aggiornamento del catalogo, diramato in data 23 febbraio 1992. La mancanza dell'indicazione (3), significa che non vi sono state modifiche.
Indicazione dell'eventuale pubblicazione di aggiornamento (4); — **denominazione del sottogruppo** (5) — **codice della versione** (6), con riferimento al precedente punto (a). In mancanza di codici si intende che la tavola è valida per tutte le versioni del modello cui si riferisce il catalogo — **Indicazione dell'esistenza di corredi** (7), con relativi numeri di riferimento (per la composizione dei corredi, vedere pag. 9).
(8) Validità (oltre alla validità per la versione, di cui al codice 6):
C 935 → tel. n. 076204 significa che l'illustrazione vale fino alla macchina telaio n. 076204, in conseguenza della modifica 935.
D 935 tel. 076205 → significa che l'illustrazione vale dalla macchina con telaio n. 076205, in conseguenza alla modifica n. 935.
Per ulteriori informazioni sulla modifica, vedere la tabella modifiche di cui al successivo punto 3.

2. **Elenchi delle parti di ricambio** (vedere esempio a pag. 2/3)
Elencano le parti di ricambio di ciascun sottogruppo, contenute nelle illustrazioni corrispondenti, e riportano per ogni parte:
(9) ITEM: numero di riferimento del particolare illustrato col relativo "part number".
(10) PART NUMBER: numero di ordinazione del particolare di ricambio.
(11) Q.TY: quantità complessiva del particolare, riferita alla tavola. La quantità può essere sostituita dalle seguenti indicazioni:
L: fornito a lunghezza, R: corredo (kit) da ordinare nei quantitativi desiderati.
(12) TRANS. CODE: codice per la ricerca delle traduzioni in francese, tedesco, spagnolo della descrizione (consultare, l'elenco delle denominazioni base in fondo al catalogo, o il fascicolo 604.01.105).

(13) DESCRIPTION/DENOMINAZIONE: descrizione del particolare in inglese e italiano.
In caso di modifica, la denominazione è completata dal seguente tipo di indicazione:
(14) 4606783
C 951 = parte anteriore alla modifica 951
(15) 79021573
D 951 = parte posteriore alla modifica 951.
Per l'indicazione dell'attuazione e le eventuali norme di ricambio, vedere la tabella modifiche di cui al successivo punto 3.
Altre indicazioni utili **(16)** possono venire inserite nella colonna DESCRIPTION/DENOMINAZIONE, dopo il segno — (per la traduzione dall'inglese a italiano, in Francese, Tedesco e Spagnolo di queste voci, vedere l'elenco delle denominazioni aggiuntive all'inizio dell'elenco denominazioni base, in fondo al catalogo o all'inizio del fascicolo 604.01.105). I termini RIGHT/DESTRO e LEFT/SINISTRO sono riferiti alla direzione di marcia avanti della macchina. Se di fianco ad una denominazione compare il termine ERRATA senza il corrispondente CORRIGE sulla riga successiva, ciò significa che il particolare era stato inserito erroneamente.
(17) Sottogruppo, numero di tavola (se il sottogruppo comprende illustrazioni diverse), **numero di pagina** (se per una stessa illustrazione l'elenco delle parti di ricambio occupa più di una pagina).
(18) Numero di codice della variante: indica che le parti elencate e contraddistinte da (*) sono pertinenti a quella data variante, se invece il codice compare solo sull'illustrazione ciò significa che tutte le parti di quel sottogruppo appartengono a quella variante (vedere precedente punto c).
(19) Dimensioni dei particolari normalizzati.

3. **Tabella "MODIFICHE"** (riportate sui fogli M al termine del catalogo).
Elencano tutte le modifiche apportate alle macchine durante la produzione, le relative situazioni e le eventuali norme di ricambio.
Indicazioni ed abbreviazioni:
C 851 → tel. n. 004652 = parti anteriori alla modifica 851, montate su macchine con n. di telaio fino al 004652
D 851 tel. n. 004653 → = parti posteriori alla modifica 851, montate su macchine con numero di telaio dal 004653.
Nella colonna "Sgr. interessati e norme di ricambio" vengono elencati i sottogruppi interessati dalle varie modifiche e le eventuali norme di ricambio.
Esempio di norme di ricambio:
4606783 = 79021573: ad esaurimento scorte del particolare 4606783 montare il 79021573.
4606787 = 79021574 + 79021576: ad esaurimento scorte del particolare 4606787 montare il 79021574 più il 79021576;
4606792 = 79021576 – 4606794: ad esaurimento scorte del particolare 4606792, montare il 79021576 eliminando il 4606794.
Se non vengono riportate norme di ricambio, ciò significa che il particolare premodifica deve sempre venire fornito di ricambio, non essendo intercambiabile con quello post modifica.

NORTH AMERICA VERSION ONLY

VERSIONE SOLO PER NORD AMERICA

The attached pages are an addition to the machine's parts catalog.
These additional items are not covered in the main parts catalog but are in this supplement.

Le pagine che seguono sono una aggiunta al catalogo base di questo modello.
Le parti elencate in questa sezione non sono comprese negli elenchi ed indici del catalogo principale, ma soltanto in questa sezione supplementare.

Les pages ci-après sont un additif au catalogue de base de ce modèle.
Les pièces énumérées dans cette section ne figurent pas dans les listes et dans les index du catalogue principal, mais seulement dans cette section supplémentaire.

Die folgenden Seiten sind ein Nachtrag zum Hauptkatalog dieses Modells.
Die in diesem Abschnitt angeführten Teile sind nicht in den Listen und Verzeichnissen des Hauptkatalogs, sondern nur in diesem Nachtrag enthalten.

Las páginas que van a continuación constituyen un apéndice del catálogo básico de este modelo. Las piezas aquí reseñadas no salen en las listas e índices del catálogo principal, sino tan solo en este suplemento.

VERSIONE SOLO PER NORD AMERICA

The attached pages are an addition to the machine's parts catalog
These additional items are not covered in the main parts catalog but are in this supplement.

Le pagine che seguono sono una aggiunta al catalogo base di questo modello.
Le parti elencate in questa sezione non sono comprese negli elenchi ed indici del catalogo principale, ma soltanto in questa sezione supplementare.

Les pages ci-après sont un additif au catalogue de base de ce modèle.
Les pièces énumérées dans cette section ne figurent pas dans les listes et dans les index du catalogue principal, mais seulement dans cette section supplémentaire.

Die folgenden Seiten sind ein Nachtrag zum Hauptkatalog dieses Modells.
Die in diesem Abschnitt angeführten Teile sind nicht in den Listen und Verzeichnissen des Hauptkatalogs, sondern nur in diesem Nachtrag enthalten.

Las páginas que van a continuación constituyen un apéndice del catálogo básico de este modelo. Las piezas aquí reseñadas no salen en las listas e indices del catálogo principal, sino tan solo en este suplemento.
